## SERVICES YOU CAN COUNT ON

### Domiciliary Care

Our domiciliary care service provides flexible, person-centred support to individuals in the comfort of their own homes. We assist with daily tasks such as personal care, meal preparation, and medication management, allowing service users to maintain their independence. Our care plans are tailored to each individual's needs, promoting dignity, comfort, and quality of life while ensuring safety and well-being.

### Supported Living

Our supported living services are designed to help individuals live as independently as possible in a safe and supportive environment. We tailor our support to meet each person's specific needs, ensuring they receive assistance with daily living tasks, personal care, and emotional support. By promoting independence, we empower individuals to take control of their lives while maintaining their well-being and safety.

## About Us

---

At Yes2HealthCare, we are dedicated to providing high-quality, personalised care and supported living services across the East and West Midlands. As a registered provider with the Care Quality Commission (CQC), we uphold the highest standards of care, ensuring that every service user receives support rooted in dignity, compassion, and respect.

Our leadership is guided by Paul Chapinduka, a registered nurse and CQC Registered Manager with over a decade of experience in healthcare, including intensive care and emergency settings. Paul's extensive background and unwavering commitment to excellence inspire our mission to transform health journeys and promote well-being through innovative and compassionate solutions.

At the core of our approach is a genuine commitment to treating every individual like family. We understand that every person's needs are unique, and we take pride in delivering care that is flexible, tailored, and truly makes a difference. From our experienced carers to our supportive administrative team, we work together to create an environment where independence is empowered and quality of life is prioritised.

# Our Specialisms
